DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Amy Bizon-Copp on Monday, April 30, 2007.

The application has been amended as follows:

- a. Cancel Claim 15
- b. Claim 9, Line 5, Following "substantially flat;": Replace "and" with -- a deformation prevention part for preventing the base film from being deformed, the deformation prevention part being formed on a second surface of the base film opposite to the first surface; and" --
- c. Claim 16, Line 1: Replace "claim 15" with -- claim 9 --
- d. Claim 21, Line 1: Replace "claim 15" with -- claim 9 --

Allowable Subject Matter

2. Claims 1-5, 7-9, 11-14, and 16-21 are allowed.
3. The following is an examiner's statement of reasons for allowance:
4. With regard to Independent Claims 1 and 9, the Applicant has sufficiently amended and persuasively argued a reflector for a backlight assembly including a base film, a protrusion provided on a substantially flat first surface of the base film, a (plurality) deformation prevention part(s) suitable to prevent the base film

from being deformed, the deformation prevention part(s) being disposed on a second surface of the base film opposite to the first surface, and a reflecting layer deposited on the first surface of the base film where no protrusion is formed and on the protrusion, wherein the protrusion partly covers the first surface of the base film and the reflecting layer contacts with the first surface of the base film.

The prior art fails to teach or suggest the combination of structural limitations claimed therein, specifically to the deformation prevention part(s) and their disposition, and all subsequent dependent claims are allowed.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
